ANNOUNCEMENT
28th Tri-U International Joint Seminar & Symposium 2022
IPB University, Indonesia

The 28th Tri-U International Joint Seminar & Symposium (The 28th Tri-U IJSS) will be held on November 7-11th, 2022 at IPB University, Indonesia. The program is composed of some keynote speeches from the Tri-U founder universities and invited speakers, several keynote lectures from distinguished scholars, as well as oral and poster presentations from students in parallel sessions. Students from different universities collaborate and share their innovative and original ideas to solve some challenging problems through active participation and intensive discussion.

The 28th Tri-U IJSS topics are **(1) Population, (2) Food, (3) Energy, (4) Environment, and (5) Technosociopreneurship**. The (5) topic: Technosociopreneurship is chosen as the additional topic of this year's program because of its importance in facing today's situation. Technopreneurship is the merging of two words from two disciplines: technology from the innovation discipline and entrepreneurship from the business discipline. Technosociopreneurship is, thus, understood as the integration of technological and entrepreneurial realms, while having good social impacts.
